ENCORE

CLOSED-LOOP

Door Controller Positively  
Controls Elevator Doors

No codes, no confusion. Just plain English. ENCORE's dot matrix display and keypad make setup fast and easy. The fully-digital, Encore is a complete standalone system that provides precise control of elevator doors via true position and velocity feedback from an encoder.

Now with  
BACKLIT  
DISPLAY!

In just a few hours, you can install a complete state-of-the-art door control system
